Love the Despair

By Alexkun1999

You will be my guests this day, I invite you to a feast at the Castle!!!
Follow me, I know you must have many questions.
Huh?
He has a chain too
Finally... a break from that... my friends... I wasn't able to mourn their deaths before...

MAURICIO!!!
WOLLIE!!!
I'm sorry!!!
I couldn't save you!!!
He's right... We haven't worried about the ones who died...
We knew Joseph since ten years ago...

Crystal... was my best friend... I knew her since kindergarten...

I see . they must have lost some of their friends with the rocks. And they didn't have the time to think about them before, until now
I know how hard can this be for them
Especially, because they're still a kids
She is trying not to show her sadness
But... something worries me
Those two... don't seem concerned about them in the most minimum

Could it be that their minds are already corrupted by this world?
No... they don't have been here for so long
Ohhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh
Ohhhhhhhhhhhhhhhhhhh
Feel free to eat what you want
Ahjajajajajaja jajajajajaja

Then... tell me
Who is your leader? I want to talk with him
I'm their leader!!!!!!
Excuse her, my Lord She hit her head before, and is still confused I'm the leader
I'll be glad to answer all your questions
Yeah, he is
Whatever
Let's Eat
ARRGH
Very well
First of all, I'm going to ask you my doubts,
I want you to ONLY answer what I'm asking, nothing more.
Later I'll answer everything you want

I want you to answer this.
From where you came?
How did you and
your friends get here?
What do you know
about this place?
We are students from an university in Candiles, main city of the country of Rosedeto
We don't know how we ended here, we were in class when it happened, I know that we died somehow and later...
...we awoke here, that's all I remember, and it's only a supposition
We know just a little bit about this place, it's not Heaven or something like that,
I thought it was a little knowed country or island, but after our meeting with the rocks, I know that's not the case,
I have a theory about what
is this place and I know
how to prov...
THAT'S ENOUGH!!!
I don't need to hear more
Understood my Lord.
Do you wish to know something else?
Yes
I have only two questions

But I want him, to answer me the next one
Me? Sure
What do you want?
When the chariot came, you had a giant hammer with you, I want to know where you found them?
Remember to answers only what I ask
I found them in a cave, I was living there, so one day I was searching how deep was and I found them, that's all
A cave? Where is that cave? Is close from here?
Shit!!! The meat is disgusting
Yeah, isn't so close... is passing the rock's valley in the direction we came from
That's enough Well, my last questions is for...

You again
Instead of a question, I have a petition, after it, you can ask me whatever you want..
Maybe you'll think it's weird, but please do it
Please, lift your fringe and show me your right eye
Yes, my Lord
Done
Now, we can ask you whatever we want, can't we?
This is the first time I see such a terrifying image
I can't believe it
Carajo, no dormire
The meat isn't so bad after all

I'll begin with my questions
Sure, I'll answer whatever you want
...If I can.
Also, I only asked you 5 questions, so I'll do the same and only answer 5 questions.
There's no need to hurry, so think them wisely
Hey that's unfair, don't you think?
He gave us food so whatever
That's perfect to me
I know what he's planning, obviously he doesn't want to tell us something, and I think that it's about this place, I need to prove my theory, and if it's wrong, find the truth...I won't ask him straightforward, I need to trick him someway...
...but he only gave me five questions, will be hard to do it...
But I, Jayson, will do it
So... how old is this kingdom?

Is that really your question?
Of course my Lord, I'm very interested in knowing it
Well...it's a shame, because I don't know it exactly, I know it's older than 1000 years, but I don't know how much
What is he doing? Wasting the questions in no senses
I see...no problem
My next question... I can see that you don't have electricity in the castle, and I didn't see any technology in the road to here, why don't you use them?
We're a kingdom very conservative, that's the reason

Oh, so you are that kind of kingdom which saves all your records in a giant library?
Yes, we have it right here
My next question is...
What kind of meat is this? I have eaten in many restaurants, and I have never ate this one, I know isn't beef or pork, neither something stranger like deer, horse, dog, etc.
Rodrigo?
I can't answer that question, but I can tell you, there's nothing to fear, it's from an herbivorous
...Shit, Why me?

Don't worry, there's no problem, so if we're doing the same as you did...
My last question is not a question, is a request...can you let me go into the library? I'm very curious in that kind of topics
I got you, King
You didn't answer any of my questions with a good answer, except the second and third, and were related to this, if you don't allow me to enter, everything will look suspicous...You don't have another option
Sure, of course you can

When everybody finish their meals, I'm going to lead you to the library.
Uh...Thanks my Lord.
Your plan was great, I admit it, so you think that in the library you're going to find something, well you're right, but you won't be able to read anything...no one can.
What was all that bullshit?
Oh my beloved glasses, Don't you realize it?
The King is hidding us everything, I want to go the the library and find something in the records, but. .his answer, lets me know... will be hard to find something...

Well, here is, the library
You can stay here all the time you want, I'll come to see you in the night, if some of you, don't want to stay here, feel free to explore all the kingdom
See you later guys

Well, is so big, and is full of books
...
Mmm...this book...
Is written in a strange language...
huilotiani in ma in amoxitoa
This one too
Also this one
So this is why the king let us enter here so easy...
Don't worry guys, I can read them... it's written in Náhuatl...an ancient Aztec language...I'll find something
I CAN READ IT TOO
Oh great glasses, now we can stay all the day here reading together
HEY!!! STAY AWAY FROM ME!!!

My Lord, are you fine?
Yes, I'm fine...but...I was hoping... that HE were with them...
One year has passed...
They have gone so far...they met Damian, and he let them enter into the library... Tonight...
I know it...I wasn't wrong chosing them
